ELS DISAPPEARANCE SEASON 1 MY FIRST SO PLEASE SEND ME FEEDBACK

p style="text-align: left;"The bad men were after us. Brenner was dead. El was being carried by Dustin to the classroom, where we hid from the beast. El was unresponsive at this point and we could only hear gun shots. However, they stopped a little while after. when this happened, all Dustin could ask was "Is it dead?". But before much else, the door crashed down with the Demogorgon on top. "Get the wrist-rocket!" Dustin and I were yelling at Lucas. "I've got it!" he screamed back. Then rocks were being launched at the monster. One. Then two. Then three. Then the creature slid across and banged onto the blackboard. Moments after, Eleven was striding towards the Demogorgon. Her nose and ears were red with blood and her eyes looked like hell they were that red. I ran to stop her, only to be pushed back by her powers. I knew what she was doing. Or going to do. She looked at me, then Dustin, then Lucas, then the brute. El muttered two simple words: "No more". She screamed with her hand in the air at the monster, which let out a piercing sound. With hands over my ears, I was sat crying watching El kill the Demogorgon. I blinked and she was gone, along with it. I was distraught and broken, calling her name, to see if she was still here. As though we were playing Hide'n'Seek and I was the seeker only I had given up./p
